Dear Parents/Guardians,

During a regularly scheduled School Board meeting last evening, the Bristol Borough School District Board of Directors voted to accept the proposed Health and Safety Plan. The entire Health and Safety Plan is posted on our website under the [COVID -19 Virus Info](#) banner.

The Health and Safety Plan is based on the most updated guidance from the Bucks County Department of Health, the Pennsylvania Department of Health, and the Centers for Disease Control. Based on the aggregate of this guidance, the current transmission level in the county, and the call for layered mitigation efforts, the current Health and Safety Plan includes the requirement for all individuals entering district buildings to wear a mask. The Health and Safety Plan will be reviewed monthly and will be adjusted as conditions and recommendations change. Our overarching goal is to keep everyone safe and to continue uninterrupted in person instruction for students.

As discussed in the Community Letter posted on June 29, 2021, there will be two options for instruction during the 2021-2022 school year. The first option is a fully live traditional school model. Under this model, students will come to school on a regular schedule and participate in live instruction with their teachers and peers. All guidelines outlined in the Health and Safety Plan will be followed. The second model is a fully virtual asynchronous program through Bridges Online Learning. These options are separate and distinct from one another. Students who are enrolled in the fully virtual option will not attend live classes with their peers. They will however, be working toward grade level credit and a Bristol Borough School District Diploma. If you are interested in the Bridges option, please contact the office in your child's school for more information.

Thank you again for your continued support. We look forward to seeing all of our students on September 8th!

Thank you,

Rose Minniti
