Dear Parents/Guardians,

Thank you for taking the time to complete the survey regarding your preferred learning model for your child(ren) for the remainder of the quarter. The administration has analyzed the survey results to design a schedule which will allow for both a completely virtual option and a hybrid option.

As always, the health, safety and welfare of our students came first in our planning and preparation process. To keep our school community informed about our safety precautions, protocols and policies, we have compiled a COVID-19. Policy and Procedure Handbook. The handbook will be available on our website for your reference. It will be updated as necessary, so please check it periodically.

For students who will return to the buildings for live instruction:

- Students will be divided into two groups which will be labeled Red and Grey.
- Students assigned to the RED group will participate in live instruction at the school on Mondays and Tuesdays.
- Students assigned to the Grey group will participate in live instruction at the school on Wednesdays and Thursdays.
- Students will participate in virtual instruction on the days that they are not live in the building, including Fridays.
- Student group assignments will be available through the teachers' Google Classrooms. High School and Middle School student groups will additionally be available on our website. Elementary Group assignments will also be mailed home to parents.

For students who will remain fully virtual:

- Students will continue to use the same links to participate in classroom activities.
- Student schedules will reflect a full day of instruction. Teachers will no longer be offering morning and afternoon sessions at the elementary school.

In order to facilitate a smooth transition back to in-person instruction we will utilize the following schedule:

- **Starting October 13:**
 - Students in grades K, 2, 4, 6, 7, 9, and 11 will return to the building in the schedule described above.
- **Starting October 19:**
 - All students (K-12) will return to the building on the schedule described above.

In order to answer any question or concerns parents may have regarding the schedule or our policies and procedures, we will be holding two information sessions this week. Links to these sessions will be available on our website.

Session 1: Elementary School

- Wednesday, October 7, at 6:30PM

Session 2: MS/HS

- Thursday, October 8, at 6:30PM

In order to ensure that we present all of the information parents will need for our return to in person instruction, we have set up a Google Survey where parents can ask questions prior to the session. Our goal will be to incorporate the questions and concerns you have into the presentation so we can keep the presentation as concise as possible while ensuring you get the information you need. The link to the Google Survey is below. It can also be found on our website.
