Welcome to the Bristol Borough School District - Focus Parent Portal Registration.

The Focus Parent Portal is a tool designed to enhance communication and involvement for you in your child's education.

This portal will allow you to monitor your child's progress in school by providing timely access to both assignments and grades that are entered by the teacher throughout the grading period. This communication tool will improve your ability to assist your child and to communicate with the teacher if necessary.

In order to create a Parent Portal account online, you must have a valid email address. If you are unable to create an account, call your child's school for assistance.
