

Coronavirus Pandemic 2019

COVID-19

ART Scrapbook

Your Assignment:

Over the next few weeks/months I want you to closely document **visually** your daily life in quarantine as a result of this 2019 Pandemic. This is truly a once-in-a-lifetime event that you will remember the rest of your life. As an art student I want you to visually document what you see everyday that reflects this new reality.

I know many of you may not have any art supplies at home. You all have phones, cameras, pencils and pens, some of you may have paints, brushes, canvases. Whatever medium you would like to work in to document your day-to-day encounters is up to you. If you have a sketchbook keep your journal in there. If you want to do this on your phone with all photographs you may do that too.

Every Friday compile all of you thoughts, photos and drawings and write or draw a short reflection of the week. Post this reflection or visual image on google classroom. Mondays we will meet online as a class to discuss our experience.

Things to include in your visual scrapbook:

Drawings!

Paintings

Photographs

Collages from magazines or online

Poems

Feelings

Portraits

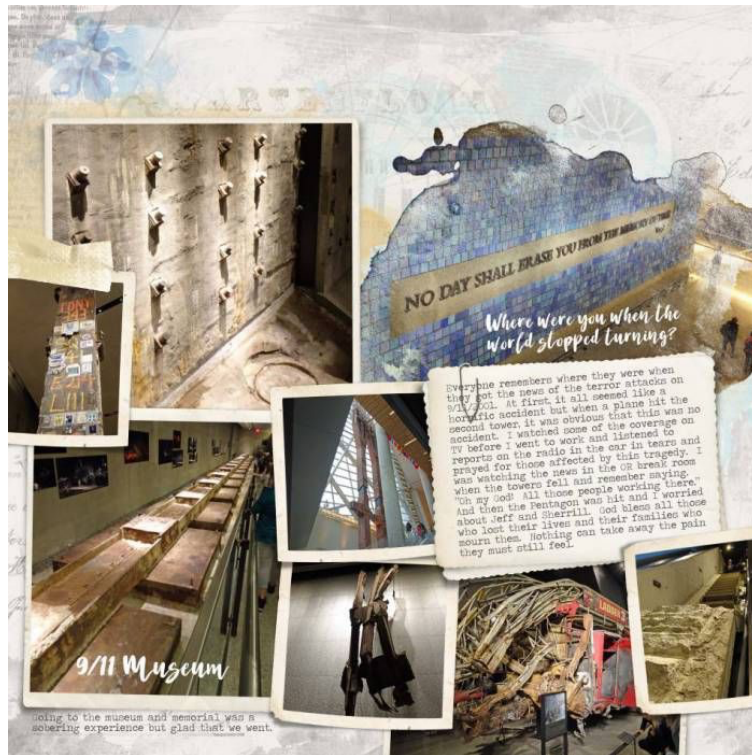

Self-portraits

Maybe an entire day you spend in your room. Draw me a corner of your room!

Get out for a walk or run! Take pictures of everything you see. People walking 10 feet apart. Empty shelves at the grocery store. Deserted playgrounds. What are you seeing?

Example of a scrapbook page from 9/11 terrorist attacks

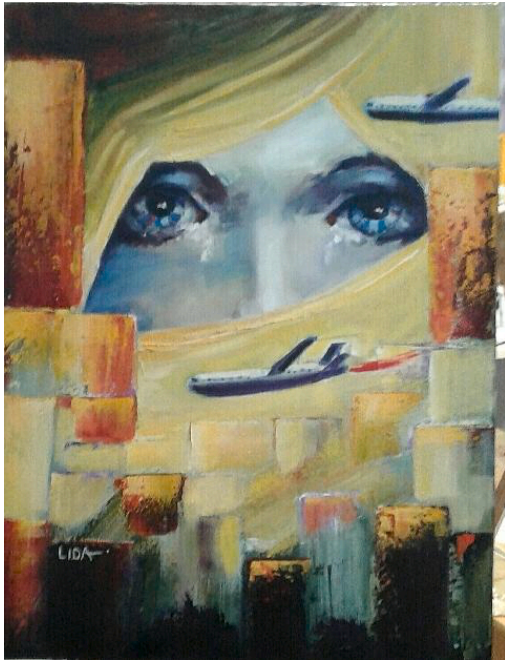

Culminating Final Project:

If we are out for the entire school year... For your final project I want you to combine what you have been documenting into a final art project like that of Pablo Picasso's Guernica. It can be a collage. It can be a self-portrait of how you feel. It can be a sculpture from objects you have found. Whatever you feel helps to represent this experience. You may work in whatever materials you have at home to complete this! Of course I will be posting weekly to check in with all of you. I will also post examples and hopefully things that I have been doing.

*** In addition to this on-going assignment I will also be posting fun little art projects for you guys to do every two weeks. I know things can get boring at home, so hopefully this will help you guys stay busy.
